COMPREHENSIVE LEARNING CENTER

Synergy Academics is a comprehensive learning center serving students at every educational level. From elementary school through college, “Synergy Students” benefit from knowledgeable and compassionate tutors who truly care about their happiness and success. Our objective is to build confidence in our students by developing their natural strengths, and turning challenge into triumph.

We believe all students are ultimately capable learners given proper instruction and guidance. For us, it’s about determining the unique ways each student learns and matching that student with a tutor who truly understands his or her learning process. Combining nurturing tutors with a positive and focused environment, Synergy Academics helps students achieve more than they might ever have thought possible.

OUR APPROACH

Our revolutionary approach to educating students is only part of what makes Synergy Academics unique. We distinguish ourselves by allowing students to select from any number of our exceptional tutors to find the perfect combination of personality, knowledge, availability, price, and even location. Yes, you read that correctly: you choose the location!

Our tutors are not only available at our state-of-the-art academic facilities, but also in various alternate locations throughout the city. No matter where you live or attend school, there is likely a Synergy tutor who can meet at a mutually convenient nearby location. Sessions are easily booked online or on your smartphone with our proprietary scheduling app. With just a few clicks you pick your tutor, location and appointment. That’s what we call an easy “A” (for “appointment”, of course).

OUR SERVICES

INDIVIDUAL TUTORING

Choose from a diverse selection of friendly and knowledgeable tutors who specialize in practically every major subject and offer flexible times and locations.

Improve knowledge, accuracy, confidence, and test-taking strategy with our experienced staff, or individually in our Study Center. Achieve excellent results that translate into improved scores!

TEST PREP

COLLEGE COUNSELING

With supportive counseling and guidance, our staff of experienced advisors help to navigate through the challenging college admissions process.

A quiet and distraction-free environment to read, review, study and complete homework assignments, supervised by Synergy personnel.

MEET OUR FOUNDER

JENNIFER
LOPATA

With over 20 years experience in education, behavioral therapy, and child development, Jennifer has developed an affinity for helping children and teens navigate through adolescence and early adulthood. Earning a bachelor's degree in sociology from UCLA and a master's degree in social work (MSW) from USC, Jennifer became a Licensed Clinical Social Worker (LCSW) and spent her early career counseling severely emotionally disturbed adolescents. The challenging nature of her work served to develop strategies that enabled Jennifer to understand the processes essential to overcoming obstacles for any child or teen. As the mother of three children of her own, Jennifer became acutely aware of the reciprocal role that confidence plays in education, and how overcoming educational challenges builds the confidence that ultimately results in academic success.

After 8 years developing and operating her previous academic tutoring center, Jennifer drew upon that experience to create a dynamic new venture in academic services that is both evolutionary and revolutionary. The result is Synergy Academics, which brings unprecedented access and ever-expanding service options to the students it serves in a productive, nurturing environment. Jennifer resides in the West San Fernando Valley with her husband, three kids, and a "menagerie" of pets and horses.

LOCATED IN WEST HILLS

WE ARE LOCATED AT:
6700 Fallbrook Ave, Suite 101
